## A NOTE FROM THE CHAIR

Young people in Surrey deserve their opportunity to shine and have a real chance to fulfil their dreams. Here at the Surrey Young People's Fund (SYPF) we provide them with just that opportunity – to make the most of themselves and of what society can offer. As you will see later in this report, we have already helped some 150 young people to improve their life prospects, but there are many more who still require our assistance.

Present economic pressures and social challenges impact Surrey just as they do other counties. However, for disadvantaged young people in Surrey, the gap between themselves and the more advantaged can seem all the more enormous.

In the current economic environment we are seeing more disadvantaged young people. Sometimes this is because of family circumstances; sometimes because of bullying at school; from mental health difficulties; or from disabilities. But what we also see is a spirit in these young people to overcome their issues. The SYPF team nurtures and grows this spirit and provides financial support and other guidance that makes a difference to their life opportunities. As a result, the young people benefit and everyone involved in the programme should be immensely proud of their and our achievements.

Since the Fund's creation it has been a pleasure to work together with our talented team of panel members and CFS support staff. They have dedicated much time, effort and commitment to ensuring the best for the young people we assist. My thanks go to each and every one.

We also receive significant support from a range of Surrey agencies and organisations, without which we could not identify all the young people in need. Many of these also help us to assist the young people on their SYPF journeys, providing additional support in so many important and different ways. To each of these agencies and organisations I also add my thanks.

At the heart of our work are our Donors, without whom the Fund would not exist and the young people in Surrey could not benefit. A huge "THANK YOU" to them for their generosity, which is making such an impact to the young people we help.

To each reader of this report, I hope you will enjoy learning more from the following pages about the SYPF journey so far. To those of you already part of the team, I hope you will continue to lend us your support. And to those who are not yet engaged with our work, I hope you will consider supporting us too.

Jeannie Gordon  
SYPF Chair

**Andrew Whitby-Collins**  
Assessor

**David Wilson**  
Assessor

The panel is supported by the Community Foundation for Surrey.

# FUND OVERVIEW

The Surrey Young People's Fund (SYPF) was created in 2014 when the Foundation brought together four initial donors to support disadvantaged young people in Surrey to gain access to training and employment. The Fund was formed with initial donations of £5,000 each and has since supported over 150 determined young people who have wanted to improve their prospects, awarding a total of over £30,000. In 2016/17, the average grant size was £235 showing that just a small amount can result in a life-changing opportunity.

## Fund Criteria

SYPF support individuals aged 16-25 at the time of application who are resident in Surrey and show the motivation to achieve their goals to gain access to training and employment.

Applicants should be in one of the following five target groups:

- Over 18 and unemployed (working less than 16 hours per week)
- Aged 16 -18 and not in full-time or part time school or college education or work-based learning, such as an apprenticeship
- Educational under-achievers (having achieved or likely to achieve fewer than 5 GCSEs grades A-C)
- Offenders and ex-offenders
- In or leaving care

Grants from SYPF are typically between £50 and £500 and can fund items directly related to enhance the young person's employability skills, either through:

- Qualifications, certificates or licences
- Vocational or technical skills, or
- Self-development opportunities which improve social skills, motivation and confidence

Requests should fall into one of the following categories:

- Course fees
- Travel costs (for education, training or employment)
- Childcare (for short term education or training)
- Equipment, materials or tools
- Work or training related clothing
- Volunteering/work placement costs
- Online learning

# FUND ACTIVITY

## Donations received

Three individual donors, one company and two charitable trusts currently support the Fund and we of course hope to see this donor family grow in the future.

Since establishment SYPF donors have played a crucial role in supporting disadvantaged young people across Surrey, providing the Fund with a total of £46,475 in donations, for which we are most appreciative. It goes without saying the generosity of our donors enables SYPF to continue to support more young people year on year.

## Applicants the Fund has supported

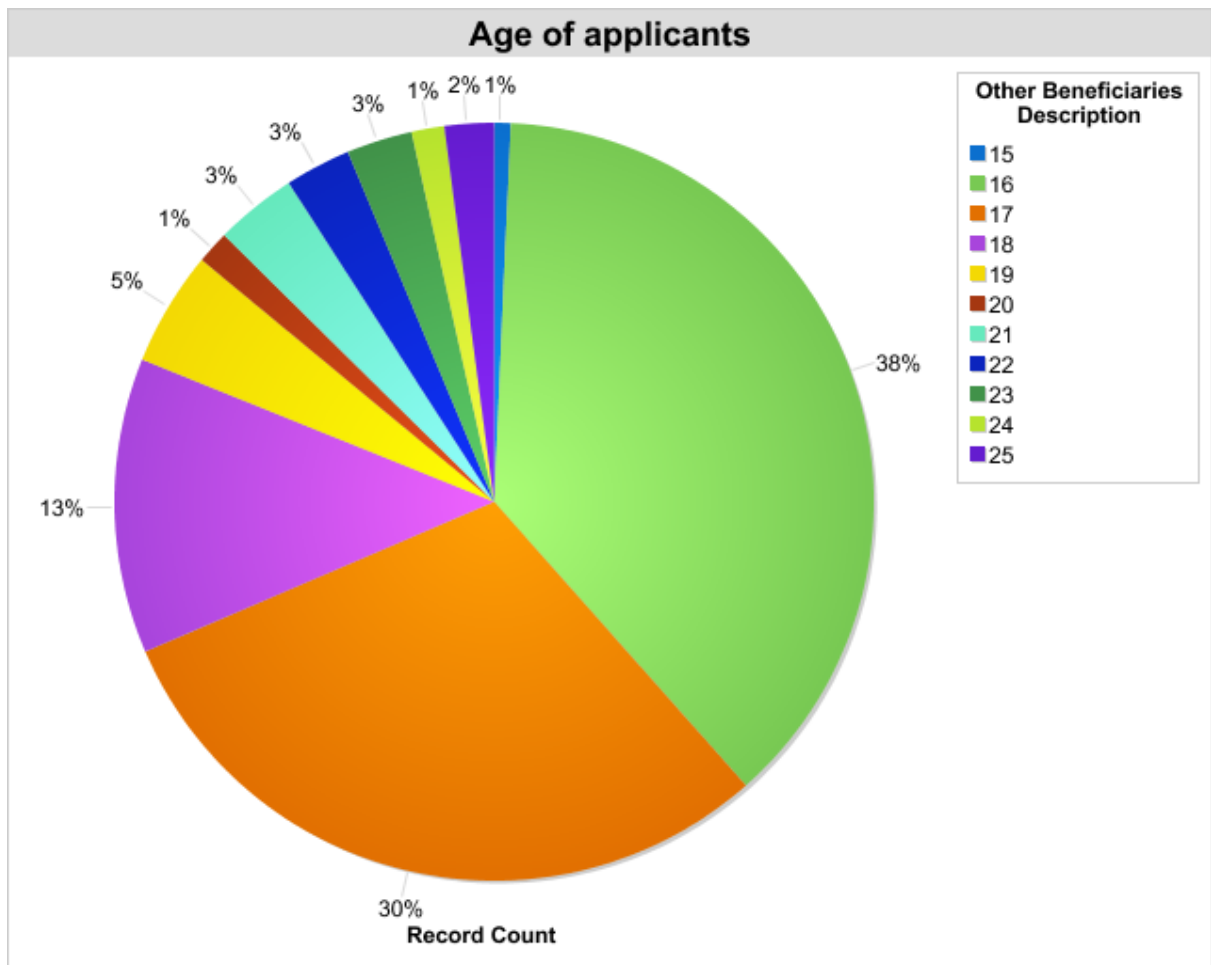

On average grants awarded appear to have been split quite evenly between male and female applicants from the time of establishment to year end March 2017. In the last year, there has been a larger difference with 42% of grants being awarded to female applicants and 58% being awarded to male applicants.

In terms of analysing how beneficiaries were disadvantaged, over 55% of grantees identified that a combination of the five target groups SYPF aims to support were relevant to them, displaying multiple disadvantage.

- **47%** of applications included the category **'Educational under-achievers'**
- **39%** of applications included the category **'Unemployed (or working less than 16 hours per week)'**
- **18%** of applications included the category **'Aged 16 -18 and not in full-time or part time school or college education or work-based learning, such as an apprenticeship'**. This category was only introduced in July 2016 following the Government raising the minimum age at which a young person can leave learning, requiring her/him to continue in education or training until her/his 18th birthday.
- **9%** of grantees were **offenders/ ex-offenders**.
- **7%** of grantees were **in or leaving care**.

Additionally, 10% of grantees also disclosed that they had mental ill-health, namely anxiety and/ or depression.

Below is a pie chart displaying the age range of those applicants who were awarded grants from the time of establishment to year end March 2017. Accounting for 38% of successful grant applicants were those aged 16, the second largest age group were 17 year olds at 30%. 13% of successful applicants were aged 20 or over.

## Nature of Grants Awarded

The average size of grant provided was £235. The wide spread nature of the support which this level of funding has provided for individuals across the county is outlined below.

- Course fees**  
 The fund has supported young people to study various courses, including a 5-day forklift training course, a Level 1 City and Guilds Cycle Mechanic qualification, and a Level 3 Diploma in Youth Work.
- Equipment, materials and tools**  
 The largest proportion of grant awards were made under this category. Items which have been funded include refurbished laptops with Microsoft Office software, supplied by the Guildford Computer Project, photography equipment, hairdressing equipment and passports and driving licences for ID purposes.

The second grant ever awarded by the fund supported a previously unemployed young carer to develop as a basketball coach, purchasing the equipment he needed to start his new business.

- **Online learning**

Grants generally supported online A-level or GCSE courses. For instance, one grant supported a young person who was home-schooled, following severe bullying, to complete 3 A-level qualifications via distance learning.

- **Travel costs (for education, training or employment)**

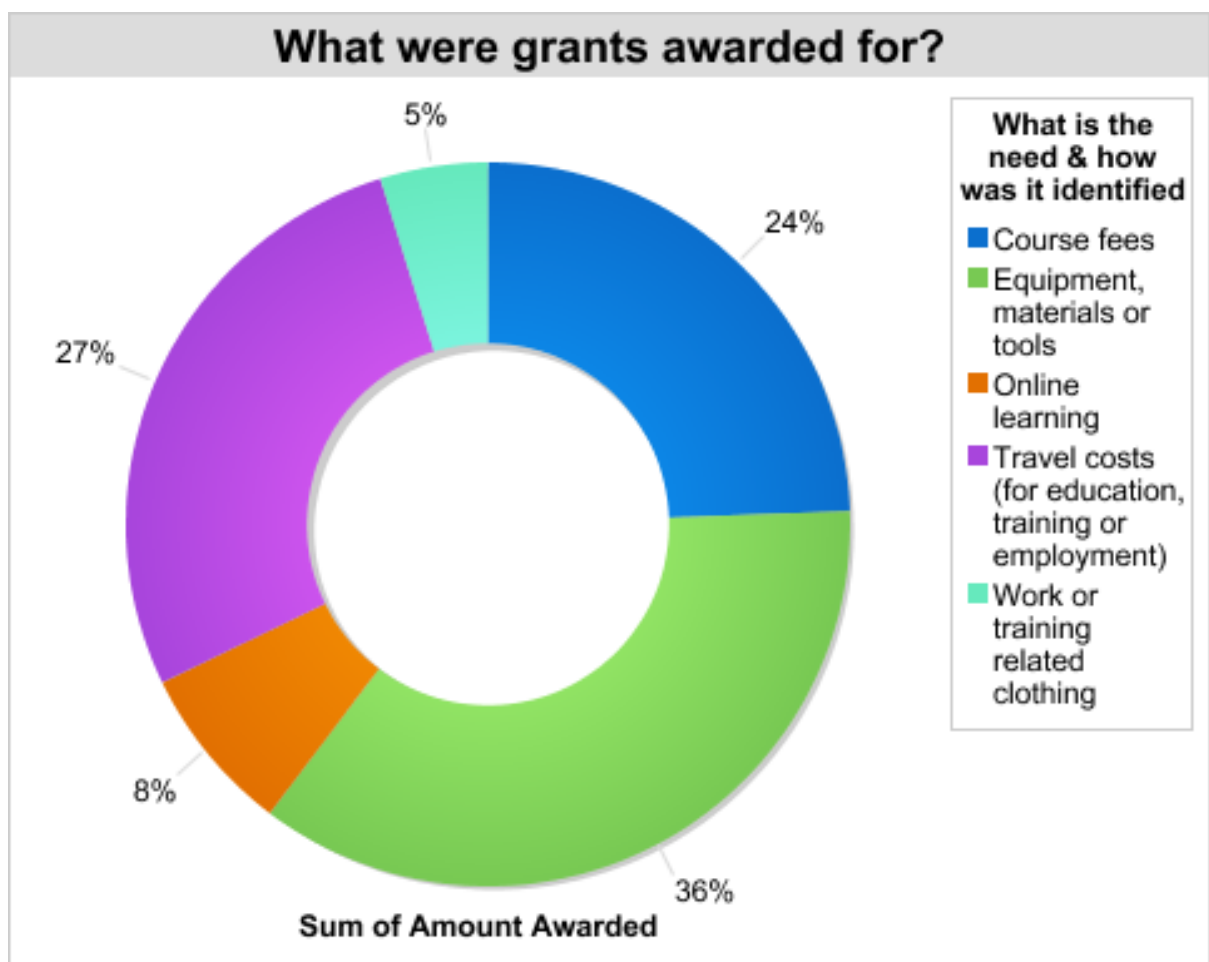

27% of grant awards have supported travel costs, where this was a barrier to a young person accessing training, volunteering opportunities, work experience placements and employment.

One grant supported a young person who was over 18, unemployed and had a learning disability with rail travel costs to and from his supported internship at the University of Surrey.

- **Work or training related clothing**

These grants have included smart clothing such as shirts and ties for interviews and office-based or similar roles, as well as suitable work boots and safety clothing for the construction industry for example.

One grant enabled a young person to purchase football kit so he could complete his course at Pulse Football Academy which provided a mixture of practical footballing coaching as well as classroom based education to encourage the individual to work towards Maths and English qualifications.

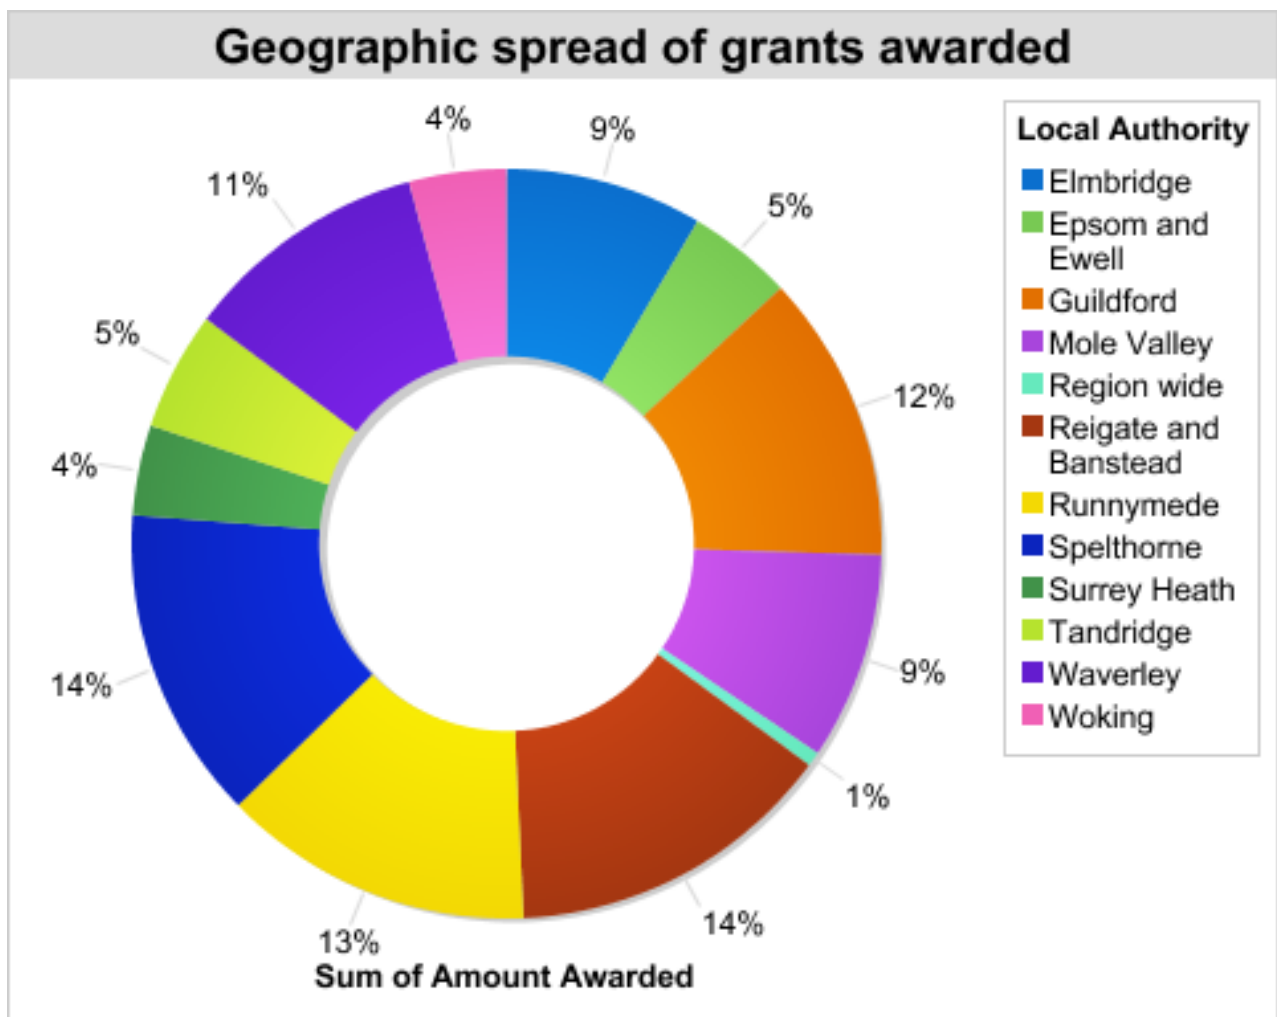

## Geographic Spread of Grants Awarded

Individuals in each of the 11 Districts and Boroughs have been supported through SYPF. As shown on the graph below, the two areas in which the highest proportion of grant funding has been made to date are Spelthorne and Reigate and Banstead (individuals residing in each of these Boroughs have received 14% of the total amount awarded).

Surrey Heath and Woking have received the smallest amount to date (4% each), followed by Tandridge and Epsom and Ewell (each at 5%).

One grant has been awarded to an individual living just outside the county border but it was considered that they had substantial ties with the county and thus met the eligibility criteria.

## **Grants Awarded Since Establishing**

The first grant award from SYPF was made in December 2014 and totalled £150. This supported the costs of a forklift refresher course to aid an unemployed young person, with no formal qualifications successfully gain employment.

From the time of establishment to year end March 2017, more than 150 grants have been awarded to over the value of £30,000. The maximum grant award was £500 and the minimum was £43.

The Fund has increased at a pace from its time of establishment. The total grant-making in Year One (December 2014 to March 2015) was £2,356.86, the grant-making in Year Two (April 2015 to March 2016) was £12,250.81 and the grant-making in Year Three (April 2016 to March 2017) saw a jump to £16,615.63. Grant payments in November and December 2016 alone totalled over £5, 000.

Overleaf is a line graph displaying the number of successful applications received by month. In the first few months of the Fund establishing applications rose steadily. In Year Two, unusually no applications were received in April and May 2015. This was followed by a sharp increase in applications in June 2015. A secondary peak in applications came in September 2015 and this is thought to be associated with school year restarting.

In Year Three a slightly different pattern can be observed with peaks during the months of July to August and then October to November 2016. The latter peak is thought to be associated with the networking event held in early November for SYPF and Surrey Supported Employment Fund. Fluctuations are less pronounced in Year Three and applications appeared to be coming in at a steadier rate. There was a 15% increase in applications in Year Three compared to Year Two and the Fund hopes to continue to increase this year on year.

## **Referral organisations:**

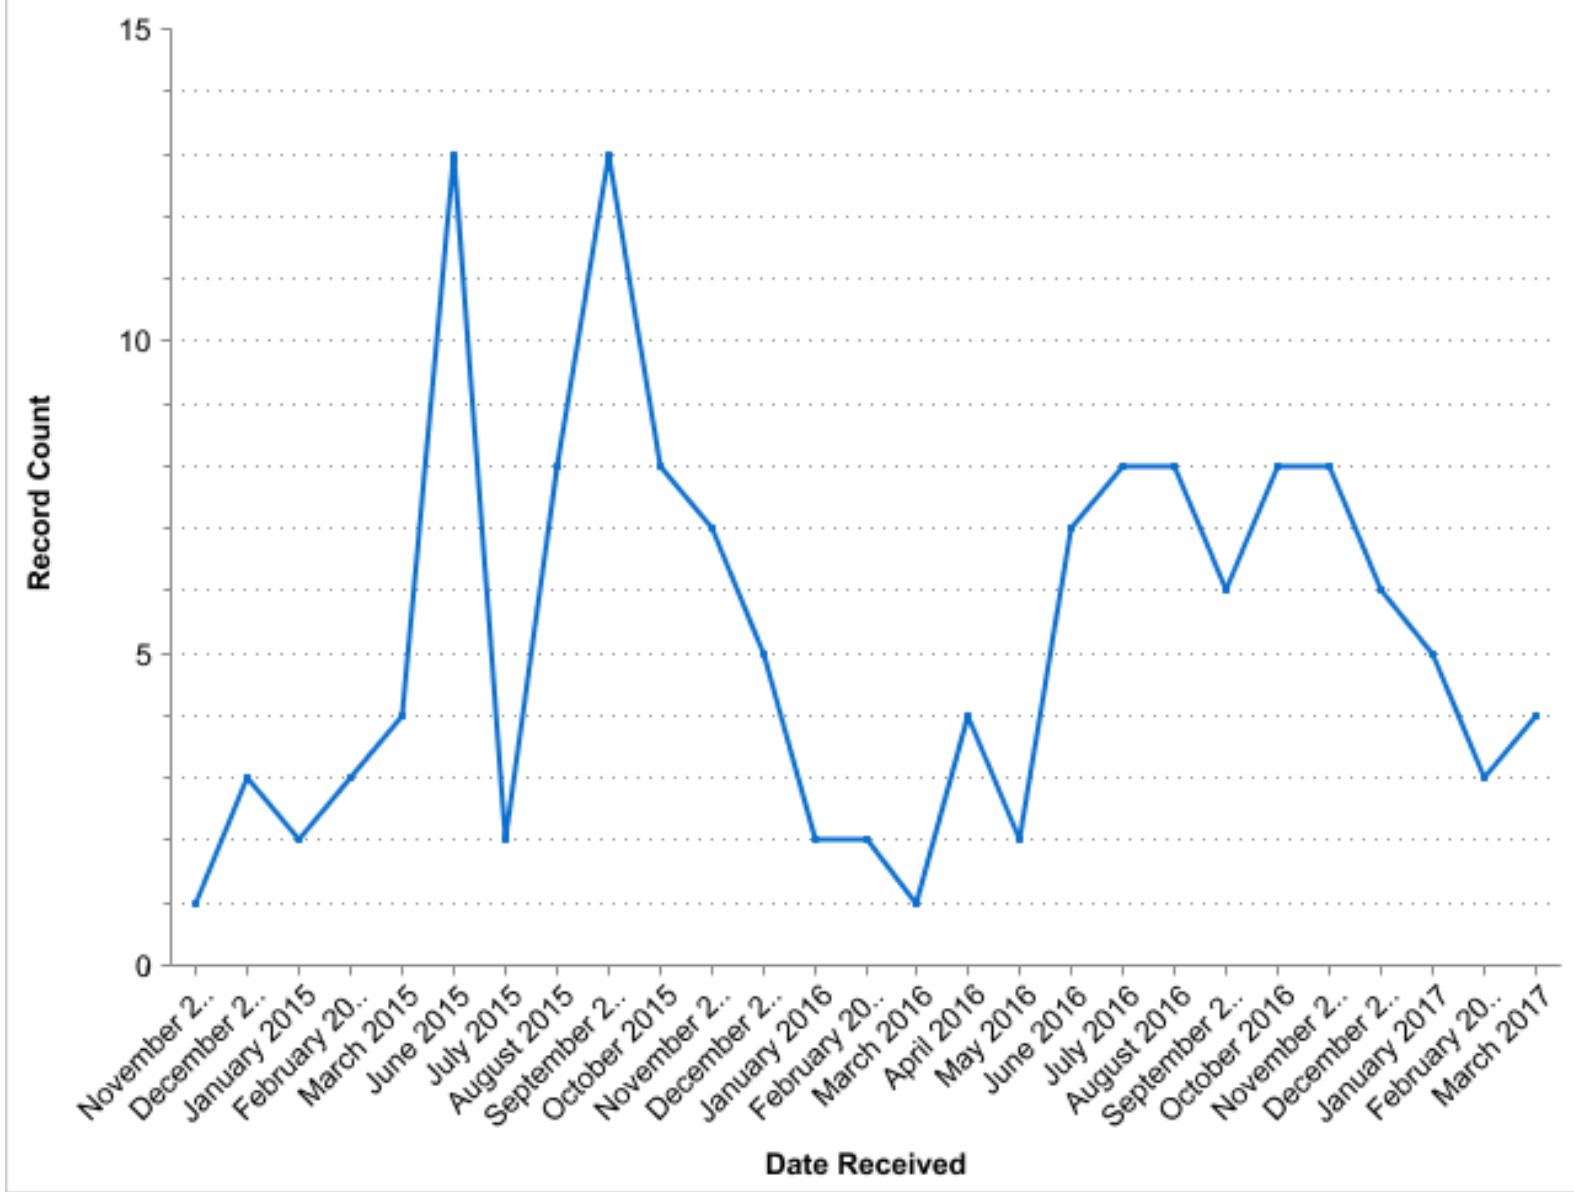

SYPF works with a wide range of referral organisations to support as many disadvantaged young people as possible.

Page 12 features a bar graph that provides a breakdown of the number of referrals each organisation has made from the time of establishment to year end March 2017. Surrey Youth Support Services, now Surrey Family Services, have referred a significant number of applicants, in fact more than double any other organisation. Referrals made from Surrey County Council included those from SE Looked After Children's Team, Surrey Virtual School for Looked After Children and other teams like these.

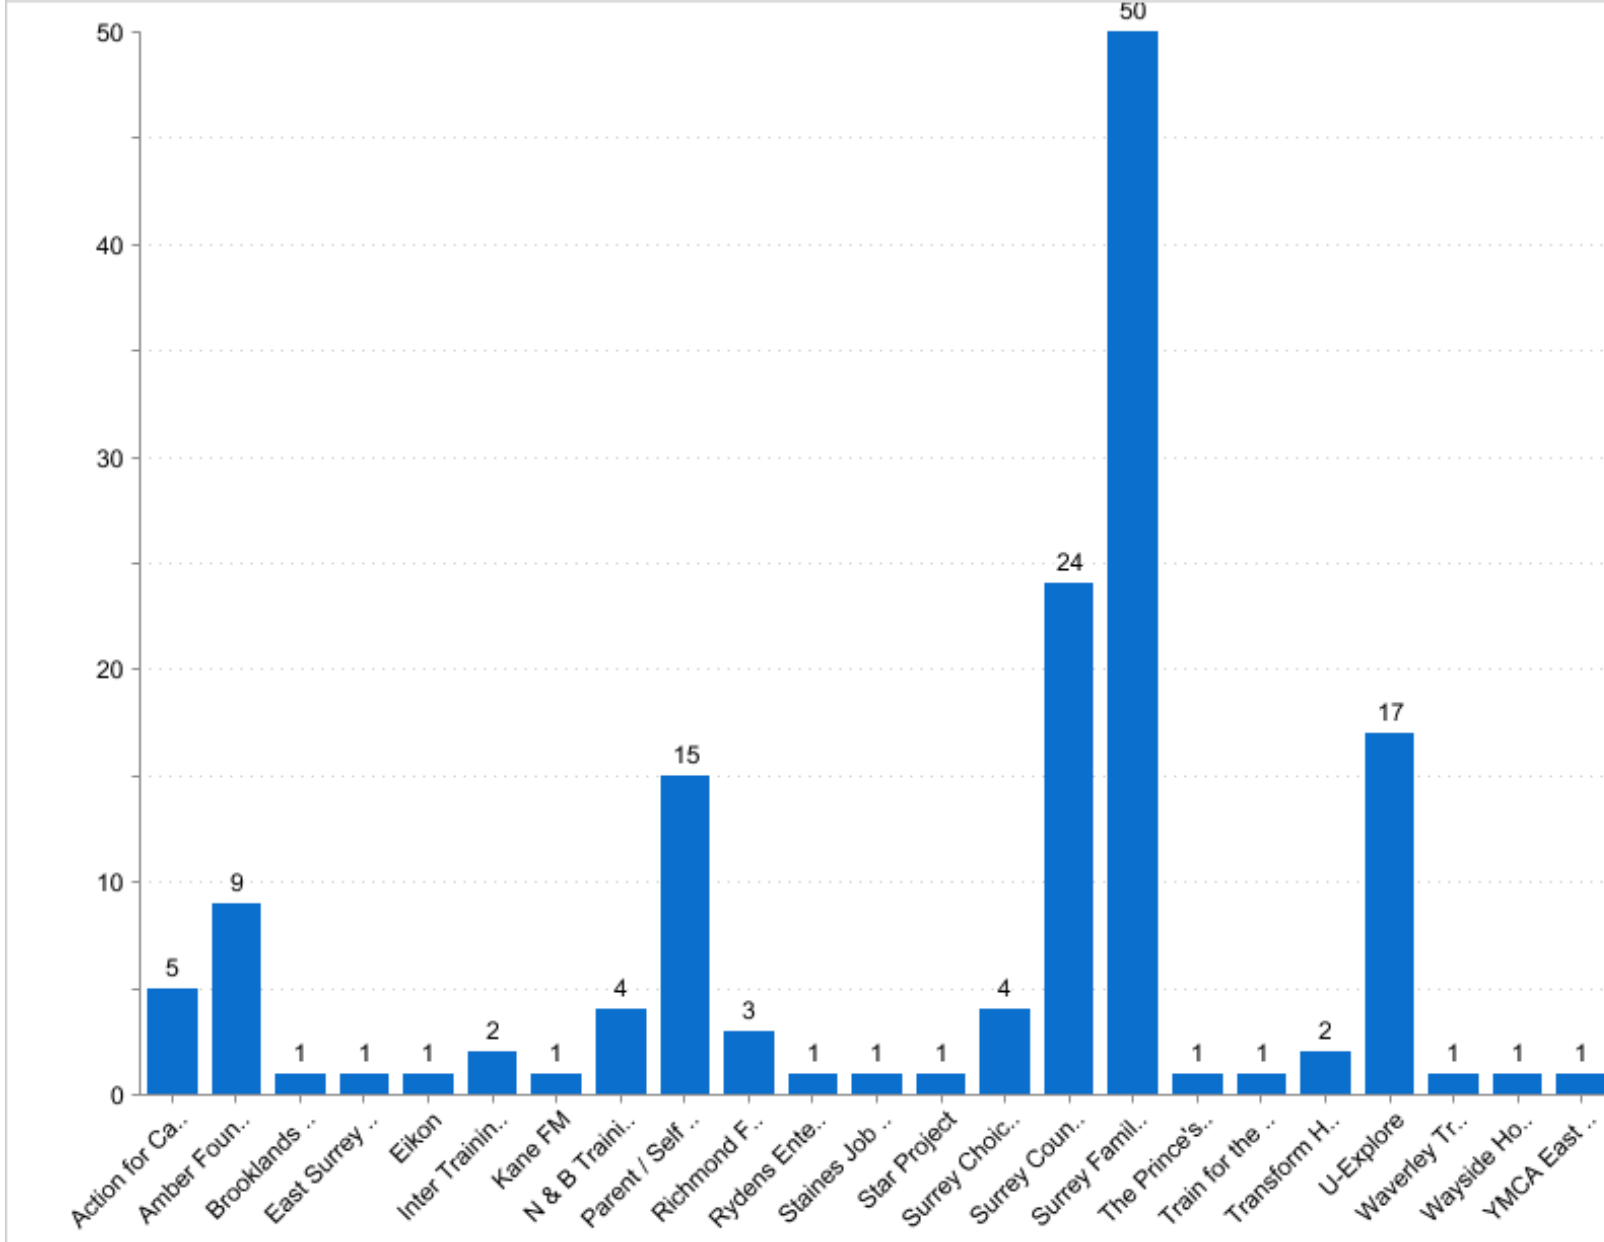

U-Explore were the highest referrer outside of the County Council bodies and it is also interesting to note there were 15 parent/ self-referrals.

A focus point for the Fund's work moving forward will be to maintain the strong relationship with Surrey Family Services and the County Council but also to increase our outreach to other organisations.

### Number of applications made by month

### Number of referrals made by organisation

### List of referring agencies:

- Action for Carers (Surrey)
- Amber Foundation
- Brooklands College
- East Surrey College
- Eikon
- Inter Training Services (ITS) Limited
- Kane FM
- N & B Training
- Parent / Self – Referral
- Richmond Fellowship
- Rydens Enterprise School
- Staines Job Centre Plus
- Star Project
- Surrey Choices
- Employability
- Surrey County Council
- Surrey Family Services
- The Prince's Trust
- Train for the Future Ltd
- Transform Housing & Support
- U-Explore
- Waverley Training Services
- Wayside Hostel
- YMCA East Surrey

# END OF GRANT CASE STUDIES

Individuals who have received funding are asked to complete an end of grant report, designed to help evaluate the beneficial impact of the grant award.

This section of the Fund Report provides details of the end of grant reports which have been received and reviewed.

Names of individuals referred to in these case studies have been changed for the purposes of this report.

## Re-entering the Construction Industry: SYP190

Ben applied to the Fund as a young man who had experienced a serious drug addiction which had resulted in him leaving the family home. Having been in trouble with the police for anti-social behaviour relating to his drug problems and finding himself homeless, he sought support from Amber, a charity which runs a local residential centre which supports homeless young people to gain the motivation, confidence and skills they need to gain and sustain employment and accommodation

Upon application Ben, had been clean from drugs for 11 months, was very reflective on his position, had made contact with his family again and was keen to build bridges and return to work in the construction industry. A grant of £188.50 allowed him to gain a qualification under the Construction Skills Certification Scheme (CSCS) to enable him to return to the industry. Ben said "Thank you for funding me, I'm grateful for your help. Your funding is going towards helping me get my CSCS card which will help me get a long term and secure job and will help me stay on my feet when I leave Amber. Thank you for your help. Much love."

Since acquiring his CSCS card Ben has been on a 3-month volunteering placement with Raleigh International to Nepal. Here he worked on two different community projects building houses. He was clearly very moved by the experience and looked at it as a good opportunity to start giving back to society. As a result of the work that he was involved in Ben would now like to undertake a bricklaying course. He is confident this would further his employment opportunities. He is due to meet with his previous employer shortly to discuss opportunities. Amber are currently helping Ben to find some accommodation which will allow him to move on from Amber.

## Laptop: SYP153

Milly applied to the Fund struggling with extreme social anxiety and depression which resulted in her leaving school. She experienced mutism at school and self-harmed while trying to engage with secondary education. She had left before completing any GCSEs.

Too anxious to leave the parental home, but wanting to continue her education, Milly applied to SYPF for a grant of £200 for a laptop to support her in studying for online GCSEs. Working closely with Child and Adolescent Mental Health Services (CAMHS)

and Surrey Family Support Services Milly has made progress. Milly said "The laptop has been really useful when I'm doing my English iGCSE, I haven't started my Maths iGCSE yet but I hope to start it within the year. I use the laptop to study online doing my English and I'm also doing a Canine Behaviour Diploma so it's essential. I hope once I'm finished my diploma I'll be able to get a job in animal care, I'm currently doing work experience and voluntary work at RSPCA, I would love to keep doing this as it boosts my confidence, mood, and it's helping my anxiety problems."

### **Barbering Equipment: SYP151**

Aaron applied to the Fund as a young man who had recently been in prison. Determined to change for the long term, Aaron had been offered barbering work by a local salon but required his own equipment. A grant of £270 allowed him to purchase the equipment and take up the work. Aaron said, "Thank you very much for funding me to get my barbering clippers and scissors. I am due to start work and then will be starting at the School of Barbering, where on completion I will have a Level 2 Diploma in Barbering. I'm very thankful for what you have done for me because without your help I don't know if I would be where I am at. Feeling super confident now, thank you so very much".

An update from Amber was as follows: "Aaron is doing very well indeed, he completed his training course at the School of Barbering and is now working full-time as a Barber and has even offered to come back to Amber to cut the residents hair. He is actually coming to visit Amber very soon."

**The Amber Foundation** @AmberFoundation · 16 Sep 2015

Great to see one of our young people equipped for his new barber apprenticeship. Thank you to @CFSurrey #SYPFund

*Twitter post from Amber.*

## Online Learning Course Fees: SYP223

Louise, 17, applied to SYPF as a soon to be mother, at a time when she was not in full-time or part time school or college education or work-based learning. She had a difficult time over the last 3 years, suffering a serious incident which led to a period of depression, and her school work suffered as a result. Wanting to improve her situation and gain some more qualifications, Louise was awarded a grant of £429 to enable her to undertake an A level in Business Studies with Open College.

Louise's referee, Laura Bishop, Youth Support Officer from Surrey Family Services sent a letter of thanks as below:

"Can I pass on my thanks to the Community Foundation and the Surrey Young People's Fund for your support with this young person. We were significantly delayed due to an issue with finding this young person an appropriate exam centre for this course and the support we received from the Community Foundation in both awarding the grant and enrolling her on the course so quickly meant we were able to achieve this within such a tight time frame. It has taken months of preparation to achieve this outcome and would not have been possible without the support from the fund."

An update provided in 2017 was as follows:

"My involvement with Louise is now due to close. This is a positive closure as Louise is now fully registered with her online course and has completed her first module (currently awaiting assessment results!). She is currently working on this on a daily basis and is utilising independent study and research very well. She is enjoying the course and is on course to complete it within the allocated time frame. She is also in communication with a local school who have agreed to act as her exam centre next year. At this time, Louise feels that she is able to continue with this independently and no longer requires our support.

I have been very impressed with Louise's attitude towards the course, she has been motivated and proactive with regards to accessing tutor support and studying regularly. I have every confidence in her to complete it and achieve a good mark."

## Testimonials and Letters of Thanks

The Surrey Young People's Fund has made a significant and measurable difference to the life of the young person I am supporting. Without the Fund they would have lost the opportunity to undertake a nationally recognised qualification in their chosen vocational area. The Young People's Fund allowed them to get this qualification which is a huge deal for them (especially having left school with no qualifications due to mental ill health). All involved were beyond helpful and made the process positive and accessible.

The Fund has had a genuine impact on this young person's life and their future prospects. Thank you Community Foundation for Surrey and thank you Surrey Young People's Fund!

*Chris Webber*

*Neighbourhood Youth Worker, Surrey Family Services. (15<sup>th</sup> March 2017)*

I would like to thank you for your swift turnaround in liaising with myself and meeting my young person to assess her needs to be able to grant her this money to support her in attending the Princes Trust course at Brooklands College. I am very happy with the service and I will definitely bear you in mind when talking to my colleagues and for any assistance with future young people.

*Vanessa Lewis*

*Youth Support Officer, Surrey Family Services. (14<sup>th</sup> February 2017)*

I'd like to take this opportunity to thank everyone at the Community Foundation for your fantastic and ongoing support of our young people. Your contribution has been invaluable in increasing their opportunities to access employment and ultimately supports them in achieving independent lives. We are very grateful and look forward to continuing to work with you for many years to come.

*Sarah Johnson*

*Operations Manager, Amber Foundation. (30<sup>th</sup> March 2017)*

"I just wanted to give you a brief update on Sally's hairdressing course. Sally is doing extremely well and is enjoying the course. It is demanding and strict. The College put all students on a 6-week probation, during this time they must work very hard and show lots of commitment. Sally has recently been through an assessment and the results were excellent. She received 8.5/10 for the assessment (one of the highest in the group)!"

Thank you for your support and making it possible for Sally to pursue her passion."

*Natalie Ferrari*

*Housing and Support Officer, Transform Housing & Support. (2<sup>nd</sup> November 2016)*

# Testimonial from an Applicant

Emily applied to SYPF as an educational under-achiever from a single parent household. Determined to obtain the highest grades she possibly could in her A levels, and to ensure she obtained a place at the best university where she could continue in her chosen career to be a professional photographer, Emily requested a grant for photography equipment.

Following the grant award of £211.98, Emily has achieved her aims to get part time photographic work and to create a good portfolio of work to advance her study in this field. She writes about the positive journey she has subsequently followed:

“I first heard about the Surrey Young People’s fund through my college where I was studying Photography at A Level at the time.

I met one of the representatives from the Surrey Young People’s Fund who explained everything and helped me apply. I was so pleased to get the funding as I could buy the equipment I needed to improve myself as a photographer.

After that, as the college photographer, I did the photography at various fundraising and sports events, dance competitions and the 6th Form Prom at my old school. I was also asked by Handelsbanken in Crawley to do some business shots.

In September, I am delighted to say I started a degree in Photography at Southampton Solent University. It has been interesting meeting so many different people who have such different approaches to photography. I have also got a Saturday job in Jessops which means I make lots of contacts and can continue learning”.

In November 2016 Emily was invited to the Loseley House Event and volunteered to photograph the evening, seeing it as a further opportunity to build her portfolio. It was a pleasure to have Emily attend and to hear about her experiences of SYPF. Seeing Emily has achieved her aims was truly inspirational and we thank her greatly for sharing her experience. Below is what she had to say about the evening:

“I just wanted to say thank you for inviting me this evening. It was really interesting to meet everyone and hear about all the good work the charity is doing. In fact, a lot of people gave me their business cards so I will hopefully have a few photography jobs to do! Thank you again for helping me apply for the grant.”

# LOSELEY HOUSE EVENT

In early November 2016, the Community Foundation for Surrey organised a joint event to showcase the two individual grant programmes; Surrey Young People's Fund and Surrey Supported Employment Fund.

We were delighted to see such a fantastic turnout, with around 80 attendees from a wide range of organisations across Surrey able to join us in the stunning setting of Loseley Park.

The tone of the evening was set with some informative and inspiring presentations from both funds and the opportunity to network afterwards.

Once again, we offer our sincerest thanks to our kind hosts at Loseley House, to our guest, a former SYPF applicant, for photographing the event, and to the team from Choices Cafe for doing such a wonderful job with the catering.

“I just wanted to thank you so much for inviting me to such an interesting event at Loseley House. The venue was fantastic as was the networking opportunity. Thank you also for allowing me to bring the Director of Brooklands Museum at the last minute, he too found the evening of great interest. You will certainly be hearing from my colleagues and Managers in the near future regarding the funding opportunities.”

*Ellie Paterson MBE  
Community Placement Manager, Surrey Family Services (7<sup>th</sup> November 2016)*

# FUND STATEMENT

## Surrey Young People's Fund 1 April 2014 to 31 March 2017

### Grant Fund Statement

	Receipts	Payments	
<b>Opening Balance at 01 April 2014</b>			<b>£0.00</b>

Gift Aid	£3,025.00		
Grant transfer	£365.00		
Contribution to Community Foundation		£3,560.15	
Grant Payments		£32,434.32	
Grant Payment Returns	£557.25		
Grant Payment Cancellations	£1,446.60		
<b>TOTAL</b>	<b>£54,369.49</b>	<b>£35,994.47</b>	
<b>Balance available for grant making at 31 March 2017</b>			<b>£18,375.02</b>

### Statement of Grants Given 14 October 2014 to 31 March 2017

Date	Applicant	Amount	Note
09/12/2014	SYP004	£150.00	A forklift refresher course to aid this young person who has no formal qualifications to successfully gain employment
17/12/2014	SYP002	£246.84	To enable this young person who is a qualified basketball coach to set himself up as self-employed by the purchase of necessary equipment.
17/12/2014	SYP002	£51.72	To enable this young person who is a qualified basketball coach to set himself up as self-employed by the purchase of necessary equipment.
17/12/2014	SYP006	£94.72	Basic tools and safety PPE in order to enable this young person to progress with training in the construction industry
23/01/2015	SYP011	£52.36	CSCS card and safety-wear for this young person who is unemployed and has suffered from anxiety and depression
02/02/2015	SYP005	£94.70	Hairdressing equipment to enable this young person to progress in this field of work

02/02/2015	SYP005	£20.00	Hairdressing equipment to enable this young person to progress in this field of work
02/02/2015	SYP005	£65.94	Hairdressing equipment to enable this young person to progress in this field of work
24/02/2015	SYP014	£500.00	To support the costs of one-to-one Maths tuition in the home to enable this disadvantaged young person to achieve a GCSE in Maths
18/03/2015	SYP019	£304.00	To support two young siblings experiencing very difficult family circumstances to travel to a relative's home to revise and receive support to prepare to take their upcoming GCSE exams
18/03/2015	SYP022	£369.00	To enable this young person to undertake a Level 3 course in Criminology
18/03/2015	SYP025	£200.00	To meet the costs for this young person to attend a 5-day forklift training course
18/03/2015	SYP024	£200.00	To meet the costs for this young person to attend a 5-day forklift training course
17/04/2015	SYP030	£60.00	To enable the purchase of the equipment/safety wear needed for this young person to undertake a Mechanics course at Brooklands College
09/06/2015	SYP041	£105.00	Interview/work clothing and travel expenses to enable this young person to obtain employment
10/06/2015	SYP042	£325.00	Enabling this disadvantaged young person to attend a Level 2 Coaching course with Surrey Football Association
15/06/2015	SYP040	£265.80	Travel costs
17/06/2015	SYP039	£211.98	Photographic equipment to assist this young person in her course and role as Student Photographer, and in pursuing a career in photography.
01/07/2015	SYP045	£350.00	To enable this young person, who suffers from depression and cannot access full-time education in a college or 6th form environment to study via distance learning
01/07/2015	SYP043	£125.00	Appropriate clothing for interviews and employment
14/07/2015	SYP048	£52.25	Provisional driving licence and birth certificate to prove identity for the purpose of employment
17/07/2015	SYP046	£50.00	Provision of a CSCS card and ID, which is a clear barrier to this young person obtaining employment and he is not in a financial position to meet the costs.
17/07/2015	SYP049	£153.98	A bicycle, lock, helmet and lights, as well as a pump and puncture repair kit, to enable this disadvantaged young man to travel to Military College
30/07/2015	SYP044	£88.00	Purchase of suitable clothing for employment for this disadvantaged young person

19/08/2015	SYP023	£210.00	To enable this young person to pursue a career in Barbering, by supporting the purchase of the required equipment to train.
19/08/2015	SYP029	£43.00	To provide this young person with Photo ID in the form of a driving licence
19/08/2015	SYP050	£349.00	To enable this young person to complete a Sports Coaching Course
19/08/2015	SYP051	£275.00	To support the costs of a Football Refereeing Course for this disadvantaged young person
19/08/2015	SYP052	£430.00	To enable the purchase of a new bed with a space for study underneath, so that this disadvantaged young person can have somewhere to organise work and study.
19/08/2015	SYP060	£101.02	To enable this young person to purchase uniform for an Animal Care course.
21/08/2015	SYP061	£319.20	To enable this young person to attend a Nail Technician course
07/09/2015	SYP065	£176.10	To meet the costs associated with this disadvantaged young person commencing a Media Studies course.
07/09/2015	SYP067	£122.91	Identification, safety boots and overalls to enable this disadvantaged young person to commence a Level 3 Engineering, Life skills and Living course
10/09/2015	SYP068	£250.00	Purchase of suitable kit to enable this disadvantaged young person to undertake a football coaching course
14/09/2015	SYP071	£308.00	Laptop to enable a young person to access Brooklands Online Learning course which is available to young people who have barriers to attending college (e.g. social anxiety)
14/09/2015	SYP060	£95.89	To enable this young person to purchase uniform for an Animal Care course.
17/09/2015	SYP047	£60.00	Bicycle, lock, lights, uniform and boots to enable this disadvantaged young person to attend Military College
17/09/2015	SYP080	£30.00	Kit and uniform to enable a disadvantaged young person to undertake a hair and beauty course
17/09/2015	SYP072	£50.00	Kit and Uniform for this young carer to undertake a hairdressing course
17/09/2015	SYP072	£91.63	Kit and Uniform for this young carer to undertake a hairdressing course
